## Price Changes ❖ New Plants

Our catalog for 1932 was so satisfactory that we have reprinted it. The few changes, mostly of lower prices, are noted on this sheet. We find ourselves better equipped than ever before to give the best in plants and service.

### Important

Please note that two important changes have been made in our guarantee, as follows:

Dutch Bulbs, Lilies and large flowering Clematis are not guaranteed.

Our guarantee is binding on us, only if the goods are paid for according to the terms of the contract.

We find that a plain statement of facts avoids much trouble.
